

BlueCallom BANKCIRO

— Autonomous Cost Income Ratio Optimizer

CIR Analytics System for Executives and the C-Suite

— BlueCallom BANKCIRO leverages a Multi Agents' Architecture to continuously observe and suggest solutions to improve the Cost Income Ratio (CIR).

Powered by 2 Multi-Agent Clusters and 24 mostly autonomous Agents. BlueCallom BANKCIRO analyzes key dimensions, leveraging advanced models to pinpoint the most impactful actions for optimizing the CIR.

While continuously refining its recommendations, BlueCallom BANKCIRO drives smarter strategies and ongoing improvement.

— **ACHIEVE HEALTHIER CIR**
Reduce costs moving towards an optimal level of financial health

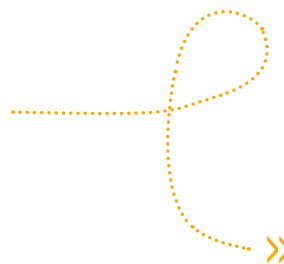

— **ADAPT TO MARKET**
Align operations to meet market demands for sustained success

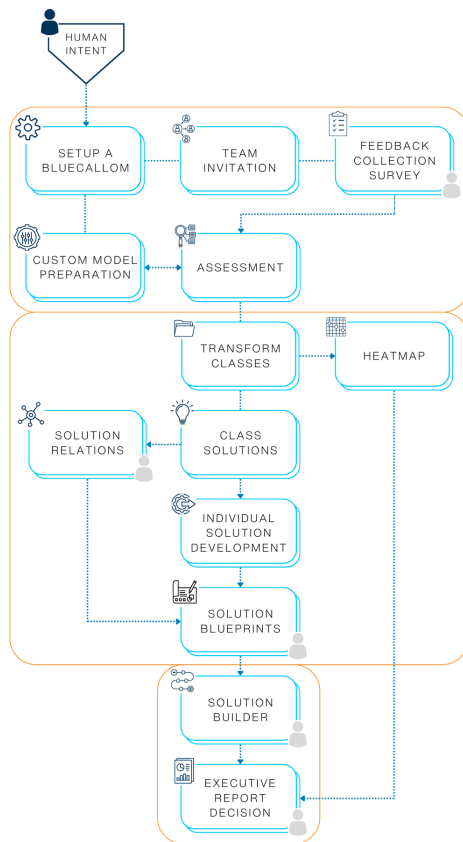

— **RANKING LEADERSHIP**
Drive strategic innovation outpacing competitors in speed and precision
