PRESS RELEASE

## BlueCallom Launches COMPLY-AI, Challenging the $36 Billion Industry with a new AI Solution.

*Switzerland / Silicon Valley, CA - March 27th, 2025* – BlueCallom today announced the launch of COMPLY-AI, an autonomous compliance management solution designed to support enterprise teams in meeting evolving regulatory requirements. COMPLY-AI offers an integrated platform that delivers self-service compliance assessments, saving over 2,000 expert hours annually. It also reduces operational delays and improves the time-to-market.

## Overview

COMPLY-AI leverages BlueCallom's Agentic AI framework to provide organizations with a structured approach to compliance. The solution assists teams in defining compliance parameters, conducting self-service checks, and generating real-time compliance insights. By automating key steps in the compliance process, COMPLY-AI aims to reduce administrative overhead and enhance operational efficiency.

## Key Features

- **Self-Service Assessments:**
  COMPLY-AI enables teams at all levels to initiate compliance checks independently. A guided process helps users input relevant case details and receive compliance probability scores.
- **Automated Reporting:**
  The platform generates comprehensive reports that detail compliance status and recommended actions. These reports assist compliance managers in reviewing and finalizing decisions.
- **Customizable Workflows:**
  Designed to adapt to varying regulatory needs, COMPLY-AI allows enterprises to customize compliance models and integrate them with existing systems.
- **Scalable Integration:**
  Built on a multi-tenant network architecture, COMPLY-AI supports secure API integrations and scales to accommodate growing organizational needs.

## Empowering Organizations Worldwide

As regulatory frameworks such as the EU AI Act evolve, enterprises face increasing pressure to streamline compliance processes. COMPLY-AI addresses this need by providing a structured and automated approach that complements existing governance practices. This solution is particularly relevant for organizations looking to balance regulatory requirements with operational agility.

## Availability and Price

BlueCallom COMPLY-AI is available now. Enterprises interested in adopting the solution can schedule a demo or contact BlueCallom directly for further details on integration and deployment. The enterprise edition, with unlimited users, starts at $4,995 per month. You can find more details on bluecallom.com

**About BlueCallom**

BlueCallom develops enterprise-grade AI solutions designed to integrate intelligence into business processes. With a focus on delivering practical, data-driven insights, BlueCallom supports organizations in managing compliance, enhancing productivity, and achieving strategic objectives.
